The Role of the Kuwait Fund in Supporting Refugees

The "Al-Sadaqa" (Friendship) Hospital Project in the Aden province - Republic of Yemen

Every year on June 20, the world celebrates “World Refugee Day” in honor of the millions of refugees and displaced persons forced to flee wars and conflicts, leaving behind their homes and dreams. This international day, designated by the United Nations, provides an opportunity to express solidarity with these individuals and emphasize the international community’s responsibility to alleviate their suffering and provide the necessary support and assistance.

The State of Kuwait is renowned as a global leader in humanitarian efforts to support refugees worldwide. It has been at the forefront in mobilizing support and facilitating international donor conferences to aid refugees, organizing conferences and meetings of major donors for Syria and Iraq, and hosting Yemeni peace consultations. These efforts culminated in Kuwait being named the “Global Humanitarian Center” by the United Nations.

Kuwait’s efforts in supporting refugees are characterized by its policy of non-discrimination against religion, race, or nationality, imparting a deeply benevolent aspect to its humanitarian work. This policy reflects Kuwait’s steadfast commitment to the principles of equality and human dignity and

reinforces its firm belief in the importance of international cooperation to resolve the refugee issue.

Kuwait also makes generous contributions to support refugees and displaced persons through various official institutions, notably the Kuwait Fund for Development. The Fund has played a pivotal role in financing numerous humanitarian projects and helped refugees and displaced persons improve their living conditions in various host countries.

Kuwait's efforts in supporting refugees extend beyond financial aid to include cooperation with various international organizations and humanitarian bodies concerned with refugee issues. Kuwait's partnerships with the United Nations High Commission for Refugees (UNHCR), the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), and the United Nations Children's Fund (UNICEF) are prominent examples of these collaborative efforts. Additionally, Kuwait collaborates with the Children's Cancer Center in Lebanon, the King Hussein Cancer Foundation and Center in Jordan, and the Kuwait Red Crescent Society by Funding numerous projects aimed at improving the living and health conditions of Syrian, Palestinian, and Rohingya refugees.

The Rehabilitation of Water Storage and Distribution System Project for the Syrian Refugee Camps - Republic of Iraq

Contributions of the Kuwait Fund in cooperation with the United Nations High Commissioner for Refugees (UNHCR)

Domiz Refugee Camp in Erbil, Republic of Iraq

The Kuwait Fund financed a project to improve conditions for Syrian refugees in camps in northern Iraq, costing US \$10.0 million.

The project included the rehabilitation of 1,200 houses, the construction of 450 new homes, and the provision of a solar energy system for lighting roads in the camp.

Displaced Persons' Camps in Republic of Yemen

The Kuwait Fund provided two grants worth US \$4.13 million to support internally displaced persons and host communities in Yemen.

The project aims to improve living conditions for 200,000 displaced people in various locations by constructing temporary housing and rehabilitating infrastructure.

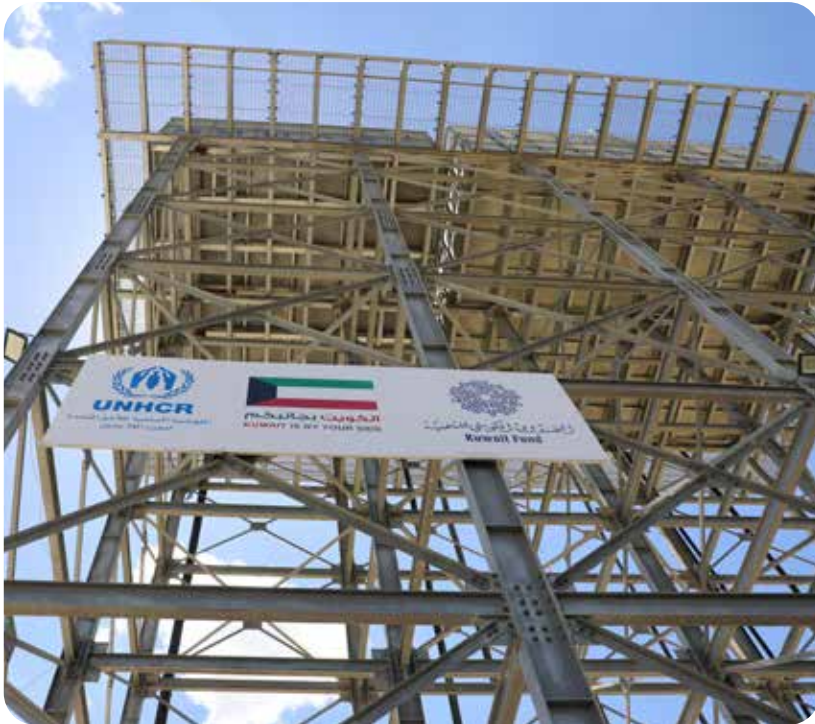

The project also includes supporting infrastructure in the Aden province to improve the lives of 70,000 residents.

Improving the Living Conditions in Syrian Refugee Camps in the Kurdistan Region, Republic of Iraq

The Fund contributed to financing Syrian refugee camps in the Kurdistan Region of Iraq at a cost of US \$2.6 million.

This includes construction of registration and service center to support refugees in Erbil Governorate, benefiting 160,000 refugees, supplying and installing a drinking water network benefiting 9,000 refugees, and supplying and installing 400 solar-powered lamps.

Zaatari and Azraq Refugee Camps in Hashemite Kingdom of Jordan

The Kuwait Fund contributed US \$1.9 million to provide health services to Syrian refugees in Jordan.

The project benefits approximately 84,000 people by providing primary healthcare and following up treatment for COVID-19 cases.

Contributions of the Kuwait Fund in cooperation with the United Nations Children's Fund (UNICEF)

Support Program for Children with Cancer in the Syrian Arab Republic

The program aims to reduce mortality among children with cancer by supporting major hospitals in various Syrian provinces.

The program is expected to benefit 4,000 children.

Addressing the Repercussions of the COVID-19 Pandemic in the Refugee and Internally Displaced Persons' Camps in the Syrian Arab Republic

The Kuwait Fund supported the UNICEF strategic plan for preparedness and response to address the repercussions of the COVID-19 pandemic in internally displaced persons camps in Syria and their host communities, as well as

supporting immediate measures and key life-saving activities, at a cost of US \$4.0 million.

Distribution of Measles Vaccines to the Children of Syrian Refugees in Republic of Lebanon

The Kuwait Fund provided a grant to supply measles vaccines for Syrian children and their host communities in the Lebanese Republic at a cost of US \$2.8 million.

The grant aims to improve access to necessary immunizations to ensure the health of the most needy children.

Contributions of the Kuwait Fund in cooperation with the Kuwait Red Crescent Society

Support to the Rohingya Minority Refugees in Cox's Bazar Region, The People's Republic of Bangladesh

The Kuwait Fund provided the Kuwait Red Crescent Society with three grants worth US \$5.0 million to finance various projects supporting the humanitarian

situation and living conditions of Rohingya Refugees in Cox's Bazar District in the People's Republic of Bangladesh.

The first project aims to fund urgent needs for supplies, relief materials, health supplies, and medicines.

The second project aims to improve the living conditions of more than 1,200 refugee families by providing them with safe and sustainable shelters, along with primary healthcare services through the operation of 3 health centers.

The third project aims to support 4,000 displaced Rohingya Refugees in the Konarpara camp by providing them with relief supplies, health services, and safe drinking water.
